

## The City Mouse and The Country Mouse

Fred and Danny are mice. Fred lives in the country. Danny lives in the city.

One day, Danny came to visit Fred. Every day, Fred and Danny ate bread and cheese. Danny wasn't happy. He didn't like the Food. "Come to the city," he said. "In the city, we have good food."

The two mice went to the city. They ate white cheese, yellow cheese, cakes, sandwiches, apples and chocolate. They were very happy.

One day, Fred heard a loud noise. "What's that?" asked Fred. "That's the cat," shouted Danny. "Run!" Fred and Danny ran and the cat ran after them. Finally, the mice hid behind a box and the cat went away.

Fred said, "Goodbye Danny. I'm going home." "Why?" Danny asked. "The food here is great!"

"I don't want great food. I want simple food without any cats," Danny said.
